

# Virtual Office Service

## Rent an office address to register

You can use the address to register as HQ address on a company certificate.  
The address in Japan is necessary for company-establishment.

## Forward mails to a designated address

You can receive mails to the address even when you stay out of Japan.

## Provide a phone number for your business and phone reception service

Having a phone number in Japan is good to do business for Japanese Clients & Business connections.
